

Restaurant Quick Tips

Sale: Use this function to authorize and capture transactions for settlement. The customer may offer a card for payment in one of three ways: 1) By inserting a "smart card" (one with an embedded chip) into the smart card reader located at the front of the terminal or PIN pad, a technology that adds an extra layer of security. 2) By swiping the card through the magnetic stripe reader ; or 3) by tapping a contactless card.
